UNITED NATIONS SUSTAINABILITY  
DEVELOPMENT GOAL (SDG 4.C)

Improving Students and  
Teacher Quality by 2030

LIVING THE  
SUSTAINABLE  
DEVELOPMENT  
GOALS

Actionable ways WE can  
change the world.

## Goal

Goal 4.3 By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education,

Goal 4.C By 2030, substantially increase the supply of qualified teachers,

## We are working with School and Colleges to achieve this goal

Indus Core Education Foundation is working towards improving the teachers quality and improve the learnability of the students using various techniques

Improving Memory Techniques  
Improve Listening Skills  
Improve Learnability.

The teachers quality is improved by enabling them with new tools and technologies available. Also training them on the psychological aspect of the students making the effective education delivery

We are exploring the possible partnership with your organization under CSR Initiatives to achieve the goal

Education liberates the intellect, unlocks the imagination and is fundamental for self-respect. It is the key to prosperity and opens a world of opportunities, making it possible for each of us to contribute to a progressive, healthy society.

Learning benefits every human being and should be available to all.

## Philosophy towards the initiatives

### Objectives and tasks

- Carry out the onsite program for teachers and school and college management updating them on the latest tools and technology in Educational Delivery.
- Generating awareness on the latest trend and happening worldwide which can be helpful while designing the teaching materials.
- Offsite program of 3 days covering all the aspect of teaching pedagogy which includes the student psychology and other human aspect in improving the teaching effectiveness.
- Carry out session with experts in Education to share the best practices in Teaching.
- Generate online contents, carry out webinars and promote the best teachers competition on social media to boost the confidence of teachers.
- Create Award and Recognition of teachers at various levels such as Primary, Secondary and Higher Secondary and also at the Professional Course level to boost the confidence of teachers and promote their innovativeness.

Indus Core Education is working diligently on the target 4.C where the focus is on improving the quality of teachers.

We believe that if the teachers quality is improved, this will automatically improve the student learning capability.

We believe that once the quality teachers are produced who have access to latest Digital tools and Technology, the interest generated among the students towards the education will automatically decrease the drop out rates of the students.

Education liberates the intellect, unlocks the imagination and is fundamental for self-respect. It is the key to prosperity and opens a world of opportunities, making it possible for each of us to contribute to a progressive, healthy society.

Learning benefits every human being and should be available to all.
